Appendix 6: Semi-structured Interview Template

How have you been? Which of the resources have you used?

Have you used them for ....describe (re: themes and descriptive language according to affordances) – let patients expand

- Exploration (searching):
- Connection (with people)
- Narration (shared experiences)
- Adaptation (varied use, motivation, etc)
- Self-presentation (control, identification)

Any positive or negative sentiments about their use on health outcomes?
