Correction of: <https://www.researchprotocols.org/2022/3/e28332>

(*JMIR Res Protoc* 2022;11(4):e37925) doi: [10.2196/37925](https://doi.org/10.2196/37925)

In “mHealth Intervention to Improve Treatment Outcomes Among People With HIV Who Use Cocaine: Protocol for a Pilot Randomized Controlled Trial” (*JMIR Res Protoc* 2022;11(3):e28332) the authors noted two errors.

First, in the originally published article the affiliation for author Archana Krishnan appeared as follows:

*Department of Social Sciences, University at Albany,
State University of New York, Albany, NY, United
States*

This has been corrected as follows:

*Department of Communication, University at Albany,
State University of New York, NY, United States*

Second, in the originally published article a footnote appeared below the affiliations as follows:

**all authors contributed equally*

This was deleted in the correction, as it is not applicable.

The correction will appear in the online version of the paper on the JMIR Publications website on April 7, 2022, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.

This is a non-peer-reviewed article. Submitted 11.03.22; accepted 14.03.22; published 07.04.22.
