JMIR Res Protoc 2026;15:e100038; doi: [10.2196/100038](https://doi.org/10.2196/100038)

In “Challenges in Developing a Patient-Reported Symptom-Based Risk Stratification System for Suspected Head and Neck Cancer: Protocol for a Qualitative Case Study” [1], the authors noted one error.

[Multimedia Appendix 1](#) has been replaced with the file attached to this notice.

The correction will appear in the online version of the paper on the JMIR Publications website, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.
