The safety and feasibility of irreversible electroporation for the ablation of small renal masses: a prospective in-vivo pilot study

Dear Professor Laguna Pes,

On request of Ms. M. Buijs, I hereby confirm on behalf of the Medical Ethics Review Committee of the AMC that our committee approved the above mentioned research project on May 9, 2016.

For a list of documents on which the approval has been based and for a list of members of our committee at the time of the approval I refer to our original approval letter METC 2016_055#B2016313.

The following center was approved to participate:

- AMC (date of approval: May 9, 2016)

Our committee has jurisdiction to decide on behalf of article 2, second paragraph, under a, of the Medical Research involving Human Subjects Act (WMO) and operates in agreement with ICH-GCP guidelines.

Yours sincerely,

on behalf of the Medical Ethics Review Committee of the Academic Medical Center,

Mrs. T. Groenveld
secretary
